

Name: _____

Animal Adaptations #3

For this week's assignment, I would like you to try to find an animal documentary to watch. There are lots of great documentaries available online. Here are a few suggestions, but you can choose something that interests you!

Some Documentary Suggestions:

YouTube – [BBC Earth](#) channel, or search National Geographic Animals

Disney+ - Hostile Planet series, or any National Geographic shows

Netflix – Our Planet series

The documentary that I watched was: _____

As you watch your documentary, choose three different animals that you see to include in the chart below. Try to include at least 3 different adaptations for each animal.

Animal	Adaptations (try to list at least 3 in point form for each animal)
