

Time Travel: Week Two
Viking Ship in 830AD

Now that you've developed your time machine, it's time to take it on its first adventure. This week, you will travel through time to Viking times in the year 830AD. The Viking Warriors are preparing to attack a neighbouring village of peaceful merchants.

You have two choices:

1. You can help the Vikings warriors attack a neighbouring village
- OR**
2. Help the neighbouring village protect themselves from the attacking Viking warriors

How does your character complete their mission?

Who do they meet along the way? (Famous Vikings?)

Does the Viking Warriors attack? OR How do you help protect the villagers?

How does you arrive back home?

Some things to consider:

What does the ship look like?

What do people wear?

What do Vikings eat?

What do they do for entertainment?

What do Vikings use for weapons?

Check out the link below for a great place to start your research:

<https://en.natmus.dk/historical-knowledge/denmark/prehistoric-period-until-1050-ad/the-viking-age/the-people/>

You MUST include a detailed, coloured, illustration to go along with your writing!

Have fun with this and make it interesting as you get to decide what happens on your travels.

When you are done this section, please upload to FreshGrade. I'm excited to see what you come up with!
