

## Time Travel Canada 1990s AD

This week you will take your time machine to the 1990s in Canada. You will travel to Prince George, and see what your parents lives were like. This was the time when most of your teachers were in school, and roughly your age. You will find out what life was like then, and how times have changed in around 20 years.

### **While in your city, explain the following:**

1. What would you wear so people didn't know you were from 2020?
2. What was the Millennium Bug? What did people do to prepare for the year 2000?
3. What would it be like to meet your parents/teachers in the 1990s?

What does your character see while back in the 1990s?

Who do they meet along the way? (singers, famous people, prime minister of Canada?)

What do you do for fun in the 1999? (what music, films, TV shows were big in 1999)

What was a mix-tape, a cassette or a floppy disk?

How did people have to connect to the internet (hint: dial-up internet)?

What phones did people have and how did they text and communicate?

### **Some things to consider:**

What buildings in Prince George now were not there in the 1990s?

What famous events happened in the 1990s?

What Apps, websites etc. not exist (hint: TikTok started in 2016)?

What jobs exist now that did not in the 1990s?

Here are a couple videos you might want to watch to get you thinking about the 1990s:

You may want to do some research to learn more about the 1990s before you start writing too!

**You MUST include a detailed, coloured, illustration to go along with your writing!**

Have fun with this and make it interesting as you get to decide what happens on your travels.

**When you are done this section, please upload to FreshGrade. I'm excited to see what you come up with!**
